RE: Olin Corp./McIntosh Plan Superfund Site
McIntosh, Alabama - Revised Sampling and Analysis Plan

Dear Mr. Sulima:

I am transmitting a copy of the Revised Sampling and Analysis Plan (SAP) for the Phase II sampling effort at the Olin/McIntosh Site to PRC. The Preliminary Site Characterization Summary (PSCS) Report is due in this office on April 16, 1992. Consequently, I am requesting specific comments on this document on or before April 23, 1992. This will give PRC an opportunity to review the sampling scheme proposed in the SAP as well as determine deficiencies that are reflected in the PSCS. These deficiencies (as they relate to data needs) can then be incorporated into the Revised SAP.

If you foresee a problem with meeting the requested deadline, please contact me at (404)347-2643 as soon as possible. Thanks for your cooperation in this matter.

Sincerely,

Cheryl W. Smith
